Responsible waste management and recycling program.

5 minute walk to Princes Street.

A bustling city centre location with great transport links.

Ewave 5 star.
★★★★★

Full BEMS (Building Energy Management System).

PROPOSED SPECIFICATION.

SUSTAINABILITY

- Targeting an EPC Rating of "A"
- LED lighting system on office floors including PIR (passive infra-red) sensors for presence detection and energy efficiency purposes.
- New wellness facilities including showers, lockers and cycle racks.
- 2 gyms located in Exchange Crescent offering on-site amenity.
- Edinburgh's public transport network is easily accessible from this location.

OCCUPANCY

- Ability to sub-divide floor plates in three with sub-metering of services.
- Passenger lifts for No.1 & No.7 Conference Square rated at 16 persons or 1250 Kg each. Passenger lifts travel from -1 up to 5th floor.

FLOOR HEIGHTS

- Top of raised access floor (excluding carpet) to underside of suspended ceiling:
 - o 4th Floor (2,691mm)
- 170mm clear void below metal raised floor for service runs.

SANITARY PROVISION

- Within two cores, separate male and female toilets, plus accessible toilets are provided.
- Separate male and female shower, locker and changing facilities within the basement area. 20 showers (6 in No.1 & 13 in No.7) and 102 lockers including 18 drying lockers.
- Towel service to be provided in basement shower areas.

CYCLIST FACILITIES

- All cycle storage facilities are located in the secure basement.
- 2 bike repair/maintenance stations.
- 80 bicycle racks.
- 4 Turvec electric charging stations.
- 6 Turvec folding bike lockers.

CAT A SPECIFICATION

- Four pipe fan coil unit system for heating and cooling.
- LED lighting and associated presence detection controls installed in accordance with BCO lighting levels for offices and CIBSE guides/codes of practice.
- Suspended ceiling system to comprise SAS Tegular Ceiling Tile System (or equivalent) with lay in metal ceiling tiles. Colour to be white.
- Taped and filled partitions and wall linings incorporating timber skirtings.
- Solid core timber doors.
- Metal raised access floor tiles (600mm square) with 170 mm clear void below.
- Full decoration.

VENTILATION & AIR CONDITIONING

- Offices – Installation of new air handling units (centralised and on-floor). The new air handling unit plant will incorporate the latest energy efficiency technology. New air handling units shall be designed and installed in accordance with the latest CIBSE guides/codes of practise and adhering to the latest building regulation requirements.

TENANT PLANT SPACE

- Dedicated plant space allocated at roof level and within basement car park for tenant comms/server room air conditioning condensers and satellite dishes.

LIFTS

- 7 main circulation passenger lifts (3 in No.1 & 4 in No.7), 1 goods lift and a further passenger lift in each of the west and east stairwells.
- Passenger lifts for No.1 & No.7 Conference Square rated at 16 persons or 1250 Kg each. Passenger lifts travel from -1 up to 5th floor.
- Lifts are subject to an ongoing overhaul project to ensure the installations provide a modern, efficient service to tenants. This shall include an intelligent manufacturer monitoring system to ensure the best possible service.

LIGHTING

- All lighting designed and installed in accordance with BCO standards.
- Illuminance (lux) levels shall be in accordance with Part 2 of the CIBSE Code for Lighting for all internal areas of the building.
- LED lighting installation with associated presence detection controls and timeclock capabilities.
- Lighting at desk level – 400 lux as per BCO standards for offices.
